My art is about passion and the world.

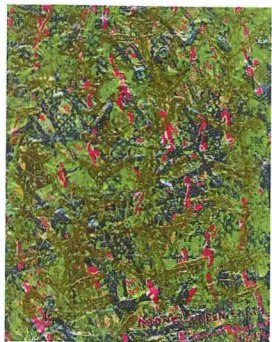

SHARON BURCHETT

My art is about passion and the world. References to humanity inform my abstract oeuvre and each work (unless print or photograph) is unique. Supports vary from paper to panel and my mixed media can include acrylic, enamel, chalk, pastel, and pencil. To date, I have over 80 works in private collections throughout the United States. Highlighted solo exhibitions include the Gingko Tree Art Center and the Lightwell Gallery (University of Oklahoma School of Art and Art History) in Oklahoma and Schaumburg Township District Library in Illinois.
